

A morning thought my coffee brought

Poetry by Paechu

ABOUT THE BOOK

If you've ever loved, been heartbroken, carried old wounds, or struggled with the pain, especially the one you caused yourself, this book is for you.

Divided into three chapters, this book captures how some mornings wake you with love and hope, while others ache with heartbreak and trauma, and then there are mornings of strength that remind you of who you are.

This beautiful pocket-size book is easy to carry and perfect for reading anywhere – in cafés, on walks, while traveling, or back home in your warm bed. It could be an ideal gift for yourself or your loved ones.
